React JS Developer

Karachi, Pakistan | muhammadahmedraza16@gmail.com | 0312 1240034

PROFILE

React JS Developer with three years of hands-on experience building fast, user-focused interfaces with React.js and Next.js. Focused on clean component architecture, responsive layouts, and UI performance, backed by a Software Engineering diploma from Aptech that combines practical development experience with formal education. Contributed across DigiTrends, Techoid, and WH Developers, building production React/Next.js applications styled with Tailwind CSS, and shared knowledge as a trainer at Saylani Mass IT Training (SMIT), mentoring aspiring developers. Comfortable working across the stack with Node.js and MongoDB when needed — driven by a passion for building meaningful, well-crafted products.
